REFERENCE GUIDE

Cell heights: 2 3 4

Cell not required / base required: x

Cell and base not required: #

Valve(s) and valve extension(s)

- Enter "V" in the corner box(es) for desired location of the valve(s).
- Make sure the number of compartment(s) matches the number of valve(s) indicated in Step 3 on the next page.
- For more than one valve on the same corner, enter "VV" in the box at that corner.

Note: For any valve required at a location other than a corner, specify location in the special instructions section.

Specifying number of compartments *(the example below shows 2 compartments)*

For more than one inflation compartment, use the following procedure:

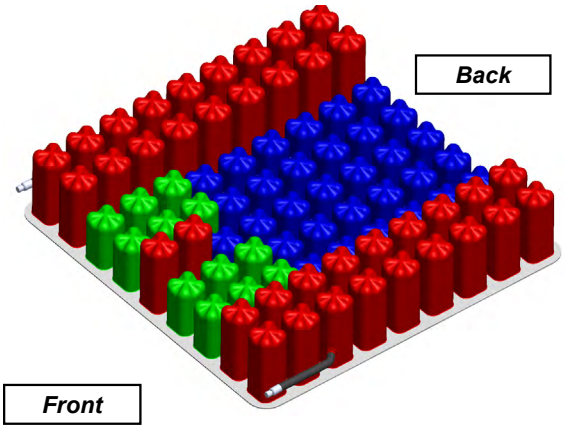

a) Click on the "Tool" tab

b) Select the "Comment" tool in the list

c) Click on "Drawing Tools" in the bar at the top, and select the "Line" tool

d) Use the "Line" tool to identify each inflation compartment

EXAMPLE

Colors on this cushion are to show how a combination of cell heights can be selected to customize the CG Air. (Blue = 2", Green = 3", Red = 4")

The CG Air DELUXE can be customized with a combination of cells (2", 3", and/or 4") to meet the specific needs of a user.

Use this form to order.
